THE FATE OF THE SENIORS OF 1960

In the year of 1975, we see the class of '60. They are standing at their height in the Hall of Success and looking back on the education they found at T. H. S.

We learn from the superintendent of T. H. S. LAYNE HELTON that his classmate KENNETH ABBETT (coach) has just won the Eldon Tourney. Another teacher in the school, JUDY ROBINETT, is the girl's P.E. coach and director of the cheerleaders. Seems Kenny made too many passes, at Judy. She took him up and they just got married. We found out that Barrons Store, with CAROLYN in charge was under new management. Roger is now a partnership of Barron and Prock Shopping Center, a very successful business. And who would even think that Twinkle Toes BARBARA BRUMLEY, could run a turkey ranch all by herself, but JOHN ATTEBERRY says she is though. Seems Barb is so involved with her ranch that John can't get her to name a day. John runs a chain of gas stations throughout the Central Missouri.

We find GARY GLAUGHER hard at work on his farm at Ulman. There is an oil well on his land but with a wife and 12 children this wealth just isn't enough.

We read in the paper that the winner of the Indianapolis Memorial Day Race will be BILL GRAVES. Doubting this I'm off to Indianapolis. I trace Bill down at CONLEY MUSICK'S Jet Car Manufacturing Plant. With the two of them in on it Bill is sure to win another trophy and lots of money.

We go on to New York where we find PAT MARTIN in her beauty shop on Fifth Avenue. Her specialty at the "Cut With Luck Shop" is quick ways to needing a wig. While in New York we see the Tuscumbia dock and who comes marching off but Commodore PHILIP SCHLESINGER of the U. S. Navy. He tells us one of his crew is old buddy, Seaman DAVID TURCOTT. Seems he is still accident prone. Seems he walked into the recruiting office by mistake and is now in Uncle Phil's Navy.

We traveled on to Washington, D. C. where we find Dr. M. J. PRYOR as the President's Personal doctor. He is very successful for he has never lost a patient.

We return to Missouri and find NORMAN WOODS as a very successful engineer. Seems he is making plans for building a bridge from Texas to Florida over the Gulf of Mexico. We find him on trial in Jeff. to see if he is fit to live with society or not with such an idea as that.

Everyone I see I ask where PHILLIP ROBINSON and DORISS HAMACHER are but no one seems to know.

I finally find PHILLIP'S name among the world's richest men. Seems lady fortune knocked on his door and he took after her. He is now vacationing in Hawaii. He is still a bachelor.

In our stop in Hollywood on my way home I see a face that looks familiar and who is it but Sir Henry DORRIS the great movie director. His beard comes in handy because he is directing the movie "Beat the Beatnik" in which he also stars.
